PEACE AGREEMENT SIGNED.

Tartars and Armenians at Baku Cease Fighting.

Baku, Sept. 25.—A conference of representatives of the Armenians and Tartars under the presidency of Prince Louis Napoleon, governor general of the Caucasus, has just been concluded during which the principal conditions of an entente were agreed upon. The conference decided to summon a general congress representing the inhabitants of the Caucasus to meet in October for the purpose of considering the causes of the enmity existing between the Tartars and the Armenians; resolved to urge upon the government the necessity for the adoption of prompt measures to insure the safety of life and property, and arrange that Armenians and Tartars shall become mutually responsible for all material damage in the event of massacre or pillage by either side until January, 1907. Ten Armenians and ten Mussulmans, all very wealthy, undertook to guarantee the strict observance of the agreement.

The conference also resolved to form an arbitration court to consist of five Armenians and five Tartars, which will draft the details of the agreement and remove any difficulties that may arise. The agreement will become effective Oct. 14.

A preliminary peace agreement between the Tartars and the Armenians was signed Sunday.

GARRISONS STRENGTHENED.

Large Forces of Russian Troops Drafted into Finland.

Helsingfors, Finland, Sept. 25.—Large forces of troops have already been drafted into Finland. Over 1,200 men arrived at Helsingfors Sunday to reinforce the garrison of Sveaborg, which is adjacent to Helsingfors, and garrisons at other points have also been reinforced by between 700 and 1,000 men.

Fatal Riot in Corsica.

Ajaccio, Corsica, Sept. 25.—During the progress of a municipal election here Sunday, two persons were killed and several seriously injured in a riot.

BAD FIRE AT BUTTE

PROPERTY VALUED AT ABOUT ONE MILLION DOLLARS GOES UP IN SMOKE.

BUSINESS BLOCKS BURNED

HEROIC WORK OF THE FIREMEN ALONE SAVED OTHER SECTIONS OF CITY.

Butte, Mont., Sept. 25.—Fire causing a loss estimated at about \$1,000,000 Sunday consumed the entire business portion of Butte lying between the Shodair block and Renshaw alley on the south side of West Park street and half destroyed the public library. The fire call was turned in at 8:40. At noon the four-story Symons store was a mass of flames and the public library and other places were burning simultaneously. At 1 o'clock Mayor McGinnis announced the fire under control. Had the blaze once crossed Main street into the old buildings on the north side of Park street, or had it not been checked at the Renshaw block, Butte would have suffered a loss of \$5,000,000.

A cigar company occupied part of the ground floor and basement of the big Symons Dry Goods company building. At once the firemen realized that to keep the fire confined to the basement and away from the elevator shaft was the only hope of saving the block. The firemen could not enter the seat of the flames, but several went through the rear sidewalk windows and held the hose as close as they could to the origin of the smoke. Finally with a favorable change in the wind, which kept the smoke back temporarily, the firemen broke in three doors on the ground floor and poured the water in the direction of the elevator shaft, which roared like a furnace. A perfect geyser of sparks and burning shingles spouted across the roofs of other buildings, starting flames in the Renshaw hall and away to the Park building. From 11 o'clock until noon the Symons building burned free as a bonfire and the firemen confined their labors to saving adjacent property. The Renshaw building seemed doomed, as did the Lewis and Clark buildings.

The Miner, Broadway, Harvard, Argyle and other buildings were licked by the flames, but good work on the part of the owners and the firemen prevented what threatened for a time to become a general conflagration, as a stiff wind was blowing flaming embers everywhere.

By 11 o'clock every piece of fire apparatus in Silver Bow county was at the scene of the fire. The fire departments from the Rarus, Cora, Parrott, Original, Gagnon, Anaconda and other mines responded with alacrity and rendered great service.

TWO KILLED BY ELECTRICITY.

Linemen Meet Death While at Work Near St. Paul.

St. Paul, Sept. 25.—Jesse Donahue of Minneapolis and Harry Ripson of Cuba, Mo., were killed Sunday morning by an electrical current from the electric light line that runs from St. Paul to Apple River falls.

Ripson was at the top of a cable pole holding a steel measuring tape while Donahue stood on the ground holding the other end. The shock killed both instantly, and Ripson fell head foremost to the ground, breaking his neck.

The accident happened seven miles west of Stillwater and a mile from Long Lake. The dead men were part of a crew of twenty-two men who are putting up an additional line for the Northwestern Telephone company between St. Paul and Stillwater.

Ripson touched a live wire with the steel tape line and the current killed both him and Donahue.

BODY FOUND IN THE RIVER.

Evidence Points to Murder and Robbery of an Iowa Man.

Des Moines, Ia., Sept. 25.—With his temple crushed in from a heavy blow from some blunt instrument, the body of Frank Callahan of Peista, who has been missing since last Tuesday night, was found in the Des Moines river eight miles south of this city Sunday. The body was identified by papers found in the pockets. The pockets of his clothing had been cut open and his watch and money were missing.

The discovery, following closely upon the mystery attending the death of George R. Griswold, the insurance man whose body was supposed to have been found in the river recently, has created a sensation here.

APPROVED IN SWEDEN.

Results of Karlstad Conference Please Newspapers.

Stockholm, Sept. 25.—Christian Lundberg, the premier; Count A. F. Wachtmeister, minister of foreign affairs; M. Staat, member of the cabinet without portfolio, and M. Hammarhjold, minister of education and ecclesiastical affairs, the commissioners of Sweden, who have successfully negotiated amicable arrangements with the commissioners of Norway at Karlstad, arrived here Sunday and were met at the railway station by Crown Prince Gustav, the members of the cabinet and all the members of the riksdag and a great outpouring of the general public.

The state council met in the afternoon under the presidency of the prince regent and decided to summon the riksdag.

The newspapers discuss the results of the conference at Karlstad with much approval. The Svenska Dagbladet says:

"It is to be hoped that the Karlstad convention will give us neighbors whose eyes will be open to their newly won sovereignty and isolated position to the great dangers threatening their national existence. When Norway proves by her acts that her policy is at one with the only policy possible for the Scandinavian peoples, having regard to their future, great joy will reign in Sweden and Sept. 23 will be written in our history as a great national day."

The Dagbladet says: "The thanks of the whole nation are due to the whole government and not to its individual members."

COMMENT WITH BITTERNESS.

Norwegian Papers Not Satisfied With Karlstad Agreement.

Christiania, Sept. 25.—The newspapers comment with bitterness on the result of the Karlstad conference. The tone of the press indicates that while some opposition is probable the result will be accepted by the majority as the best conclusion possible. The Verdens Gang says:

"We are convinced our delegates accepted only what was necessary for the maintenance of peace and not what would be prejudicial to the Norwegian people."

MESSAGE TO CONGRESS

PRESIDENT ROOSEVELT HARD AT WORK ON HIS FORTHCOMING DOCUMENT.

Oyster Bay, N. Y., Sept. 25.—President Roosevelt will complete his summer sojourn at Sagamore Hill and return to Washington next Saturday. The president, Mrs. Roosevelt and members of their family, Secretary and Mrs. Loeb and the members of the executive force will leave here about 11 o'clock Saturday morning on a special Long Island railway train. They will go by boat from Long Island City to Jersey City and thence via the Pennsylvania railway to Washington, reaching the Capital shortly after 6 o'clock.

The president is devoting considerable time each day now to work on his annual message to congress. For some time he has been assembling data for the message, but since the adjournment of the peace conference he has been writing the data into definite form. The message will not be completed until some time early in November, because each member of the cabinet will have to supply material for discussion of the work of his department. This information will be collected in the annual reports of members of the cabinet, which have not been completed.

Three topics highly important at this time to the American people will be discussed by the president in his message. They are the federal regulation and supervision of life insurance, the relations between this country and Venezuela and America's interest in the fiscal affairs of the government of Santo Domingo. Other important subjects will doubtless be discussed, among them the scandals disclosed in the departments of agriculture and interior, the work in the department of justice in the beef trust cases, the progress made in the construction of the Panama canal and the conclusion of peace between Russia and Japan.

PRINTERS GAINING GROUND.

Eight-Hour Day Agreements Signed in Sixty-six Cities.

Indianapolis, Ind., Sept. 25.—A bulletin issued from the office of the International Typographical union shows that 224 subordinate unions are now working on an eight-hour day basis, or have arranged to do so not later than Jan. 1, 1906. Since Sept. 8 such agreements have been signed in sixty-six cities.

Geneva, O., Sept. 25.—William W. Harvey, twenty-seven years old, living at Harper's Field, shot and killed his wife Sunday and then killed himself.

H. F. MICHAEL CO'S Daily Store News

Silk Petticoats for \$5.00

\$5.00 silk petticoats are not an unusual quantity but the quality we received today to sell at that price is far above the ordinary.

These garments are made of good wearing silk, are made quite full, have 9 inch flounces neatly made and a good dust ruffle.

Light weight coats for fall wear

We are selling covert coats and short black coats of same style for early fall wear. They serve this purpose splendidly and the figure at which we are making them, makes them decidedly reasonable in price.

Pretty Plaid Silks in today

First lot in had, sold readily and we immediately ordered another. These came this morning and are quite in keeping with the prevalent vogue. Plaids, you know, are meeting with favor this year.

They make a waist that requires no trimming and can be worn with almost any skirt a lady may possess.

LABOR LAW VIOLATED

ELEVEN NEW YORK MANUFACTURERS ARE TO BE PLACED UNDER ARREST.

IMPORTED UNDER CONTRACT

WORKMEN WERE BROUGHT OVER FROM ENGLAND IN VIOLATION OF THE LAW.

New York, Sept. 25.—After eight months of careful preparation, the United States district attorney of this district will during the day, according to reliable authority, cause the arrest of eleven heads of the manufacturing and contracting concerns of this city on warrants charging them with having conspired, through the medium of an employers' association, to violate the contract labor law by the importation of foreign workmen. The penalty of conviction is a fine of not less than \$1,000 nor more than \$10,000 or imprisonment for not more than two years.

It is understood that the department of commerce and labor is directing the prosecution and has through its own agents, assisted by operators of the secret service, prepared the case against the accused. This has involved many months of investigation and also the keeping since January last of four men, English tile setters, at Ellis Island. It is upon the evidence of these four men, backed by an array of corroborative depositions, that the government chiefly relies.

The evidence in the case goes back to the lockout by the Tile, Grate and Mantel association, an employers' organization, of the men of the Mosaic and Encaustic Tile Layers and Helpers of New York and vicinity on Aug. 6 of last year. To make the lockout a success, it is charged, the employers' association sent one of its number to England and caused advertisements to appear in papers in England and Germany offering tile masons \$5 per day for eight hours' labor in the United States.

Fifty workmen, it is alleged, were imported to the United States at the instance of the eleven accused men, and were instructed to swear falsely when questioned at Ellis Island by the immigration officials as to their reasons for coming to America, and especially to swear that they had as yet no employment in this country. It is also said that the men were furnished with the address of one of the accused and ordered to report to him.

Two weeks after the men were imported, the lockout being a success, it is alleged, the accused caused the English workmen to be discharged on the ground that they were not familiar with American tools or the method of working in this country, and were, therefore, useless. Some of these men got home as best they could, but four of them carried their grievances

to agents of the department of commerce and labor, and rendered information on which an investigation was based.

IN A SERIES OF ACCIDENTS.

Eleven Persons Injured by Fire at St. Louis.

St. Louis, Sept. 25.—A series of accidents Sunday resulted in the injury of eleven persons by fire, some of them being probably fatally hurt, and one death.

A gasoline cleaning apparatus in the South Side Steam Dye and Cleaning works exploded and four persons were burned, two of whom, Frank Sness, aged nineteen, and William G. Schottel, Jr., aged three, are not expected to recover.

Three freight men on the Iron Mountain railway were brought to the Missouri Pacific hospital here suffering from burns received at Arcadia by an explosion of gasoline. They had opened a box car containing gasoline. Gas from a leaky barrel ignited from a lighted lantern and an explosion followed, burning all three.

A nine-year-old girl named Becky Mindel was watching a bonfire in the yard of her home when her clothing became ignited. Max Rosenblatt, aged thirty-two, ran to her and was badly burned in extinguishing the flames. He was taken to the city hospital and it is said his hands may have to be amputated. The little girl was not badly burned.

Mrs. Mary Klungmann, aged forty-six, was burned to death by the explosion of gasoline while lighting her kitchen fire. Her body was literally roasted and she died in great agony. Her husband, Herman Klungmann, and Henry Stahl, a neighbor, were badly burned in trying to save her.

PROMINENT MAN SHOT.

Fatally Wounded in Trying to Take a Revolver From a Woman.

New London, Conn., Sept. 25.—Stephen M. Crocker, a member of a well known New London family, is at the Memorial hospital in a serious condition as the result of a pistol shot fired while he was terrorizing the family of George Bindloss at their home in this city. Late at night Crocker went to the Bindloss house and when the door was opened in response to his ring he pushed past the servant and met Mrs. Bindloss and her daughter, Miss Stella Bindloss. Their refusal to speak to him angered him and for several hours he had them in a state of terror. Mrs. Bindloss, about 4 o'clock in the morning went to her husband's room and secured his revolver to protect herself. As she came down the stairs she saw Crocker beating her daughter, and in her nervousness she discharged the revolver. The bullet did not strike Crocker but the shot distracted his attention from the girl and he turned on Mrs. Bindloss.

In the struggle with her for possession of the weapon it was exploded again and the bullet entered his body, inflicting a wound that probably will cause his death.

Asked to Reconsider Its Note.

Caracas, Venezuela, Sept. 25.—The French government has asked the Venezuelan government to reconsider its last note, which was in reply to a protest lodged Sept. 19 by M. Taigny, the French charge d'affaires, against the closing of the land stations of the French Cable company and the expulsion of the manager of the company, M. Brun.

Did you ever notice that the pot of gold is always at the far end of the rainbow.

Just think of it, the creameries in Wadena county paid the farmers of that county \$93,000 in cash in four months for milk and cream. The dairy industry should be encouraged in every county in northern Minnesota, there is more money in cows than wheat or any other crop that can be raised and pay day comes oftener and is a sure thing.

AFTER an existence of sixteen years the Minneapolis Times has suspended publication. Never during all this time has it been on a paying basis and although the proprietors used every means to bring the publication up to the standard the stockholders finally tired of the experiment. The death of the Times is the second of the Twin City publications to go that way within the year, the St. Paul Globe having preceded it by several months.

The department has decided to number the mail boxes on all the rural free delivery routes and has issued instructions to that effect. The numbers assigned to boxes on each route will commence with "No. 1," which will pertain to the first regulation box reached by the carrier after leaving the postoffice on his route for the delivery of mail, outside the city limits, box after box thereafter to be counted and given the proper number including all those boxes entitled to service on the route. New boxes erected subsequent to the original numbering, between those already in position on a route, will be given the next consecutive numbers. The work of designating the numbers is to be completed before Sept. 30 and the postmasters at the respective distributing offices will then notify the owners of the boxes what their number is and they will be requested to inscribe the same in a conspicuous place on the box. No boxes will be given numbers that do not conform to the regulations and have not been approved by the department.

The Elks' Concert.

The following is taken from the Winfield, Kan. Courier, of March 31, 1905, regarding the Polmatier Sisters who will give a concert and will play for a dance under the auspices of the local lodge of Elks on Thursday evening:

"The concert by the Polmatier Sisters at the Grand last night was well attended and gave splendid satisfaction. The Elks, under whose patronage they played here, merit the thanks of all music lovers for having brought this superb attraction. The company is composed of finished musicians, both with voice and instruments. Every number was enthusiastically encored, and the players were liberal in response. The sisters were assisted by Mr. Harry Woods, who demonstrated himself the phenomenal player on the mandolin and Xylophone. Each of the sisters deserve individual mention. They are blessed with great personal charm as well as with musical talent and were beautifully costumed."

Dangerous Vertigo.

Dizziness or Swimming of the Head Associated With a Sense of Fullness, Dull Pain or Nervous Sick Headache is a Certain Indication of an Outcome Apoplexy or Paralysis

Dr. A. W. Chase's Nerve Pills.

If the person subject to attack of dizziness or swimming of the head, commonly called vertigo, would only stop to realize that these symptoms are not a disease in themselves, but temporary ailments, but the plainest sort of warnings from nature of grave troubles of deeper origin, of an exhausted nervous system or of an oncoming apoplexy, epilepsy or paralysis, the matter would receive prompt attention. Dr. A. W. Chase knew this and provided the cure in his celebrated Nerve Pill, a medicine that brings back the glow of health and strength by its power to furnish just what the illy fed, half starved nervous system needs, good, rich wholesome blood and nerve force or energy.

Mr. E. Smith, of No. 1 Union Street, Troy, N. Y., says.

I used to suffer constantly from nervous headache and dizzy spells. They came on at any time and in any place—I was never safe from them—stooping over always resulted in vertigo—my head pained me as well. I got a box of Dr. A. W. Chase's Nerve Pills and they cured the trouble rapidly, easily and completely. It is the best medicine I ever took. I am as sound as a dollar again in every particular and very glad to recommend it to any one in a similar condition as a safe and certain cure." 50c a box at dealers or Dr. A. W. R. R. Y. M. C. A. of This City Will Be Represented at the Big Convention To be Held at Detroit

Secretary J. W. Flickwir, has received passes for himself and seven shop men on the C. B. & Q. and Wabash railroads from St. Paul to Detroit, Mich., and return on account of the big R. R. department Y. M. C. A. convention in Detroit, Sept. 28—Oct. 1. It is through the kindness of C. J. Hicks and the international committee of New York that the transportation was received, and it goes to show how the R. R. systems of the country regard the R. R. Y. M. C. A. It is expected that 2,000 young men will be gathered together. Each association is allowed eight delegates including the general secretary. Brainerd association goes with a full delegation this year for the first time in its history, which goes to show the interest the young men of the shops are taking in the association. The Brainerd delegates will have their headquarters at Lafayette hotel, Detroit, the same having been reserved for them. The delegates are the General Secretary J. W. Flickwir, A. H. Swanson, Dan Lawrence, Chris Senti, Adolph Johnson, George Murphy, Thomas Templeton, Earl Hawley. They expect to leave for Detroit Tuesday noon, Sept. 26.

MUSIC AND DRAMA.

"WHEN KNIGHTHOOD WAS IN FLOWER".

Tonight Miss Roselle Knott, whose fame is spread throughout the entire country by reason of her performances, an actress whose artistry is ever well and delicately poised, well appearing in the role of the madcap "Mary Tudor" in Kane, Shipman and Colvin's gorgeous production of "When Knighthood was in Flower". Miss Knott is supported by one of the best, if not quite the best, companies ever seen in the play, and their visit to the city has been awaited as a rare treat by lovers of all that is good in drama-land. In the opinion of some of the greatest critics in the theatrical world her portrayal of the madcap "Princess Mary" excels that of Julia Marlow, by whom the play was brought out. Miss Knott is possessed of just the nature necessary for the exacting requirements of the part and her ability to shade and repress is remarkable considering the various emotions, at times violent, again bright and gay, then defiant, sad, broken-hearted and lastly just sweet womanhood, she is called upon to interpret.

"THE MARRIAGE OF KITTY."

The seat sale for the "Marriage of Kitty" opens tomorrow morning at H. P. Dunn & Co.'s.

All who want to witness one of the very cleverest comedy successes that will appear here this season, should attend this performance at the Brainerd opera house on Wednesday, Sept. 27. The production is under the direction of Jules Murry, who will present it with the best cast it has ever had, including that agile comedienne and beautiful singer, Miss Alice Johnson, who has delighted her audiences and many friends for years in connection with numerous of the latter day comic opera and comedy successes. Good taste is evident all through this entertainment and it should have large audiences to greet it. Prices \$1, 75c, 50c and 25c.

Doan's Kidney Pills make permanent cures.

Testimony of Brainerd people proves it.

Here's a Brainerd case: Mrs. S. Brain, of 601 S 10th St., Brainerd, Minn., says: "I could not do otherwise than endorse Doan's Kidney Pills, and time after time I have recommended them to persons suffering from kidney trouble. I learned the value of this remedy through experience. When I first got Doan's Kidney Pills at H. P. Dunn & Co.'s drug store I was suffering from severe symptoms of kidney complaint. There was a constant dull aching in my back and the kidney secretions were irregular and distressing. From both these causes my rest was broken at night and in the morning I was usually languid and all tired out. Doan's Kidney Pills made a great change in my condition and after continuing the treatment I was so vastly improved that I felt warranted in recommending this remedy through the local papers. I have never changed my mind about Doan's Kidney Pills and have also found that Doan's Ointment is unequalled for itching and bleeding hemorrhoids. Both these preparations should be known to every sufferer.

BOMB KILLS CHINESE

FOUR MINOR OFFICIALS SLAIN

BY AN INFERNAL MACHINE IN A PRIVATE CAR.

TWENTY OTHER PEOPLE HURT

PRINCE TSAI AND FORMER MINISTER WU TING FANG ARE AMONG THE INJURED.

Peking, Sept. 25.—At the Peking railway station Sunday, as a train carrying one of the four missions ordered abroad to study foreign political methods was leaving, a bomb was exploded inside a private car, killing four minor officials and wounding over twenty other persons. The wounded include Prince Tsai Tche, who heads the most important of the missions, and Wu Ting Fang, former minister to the United States, both of whom received slight injuries. The perpetrator of the outrage, who was in the car, was blown to pieces.

The affair has created a profound sensation and causes apprehension regarding the safety of members of the court and leading officials of the government.

The government offices and the railways are now strongly guarded.

The edict appointing the missions mentioned in the foregoing dispatch was issued July 16. A dispatch from Peking Aug. 29 said that the missions were appointed to study foreign systems of government because the dowager empress intended to issue a decree at the new year for the establishment of a parliament twelve years hence.

FEVER SITUATION UNCHANGED.

Usual Number of Deaths and New Cases at New Orleans.

New Orleans, Sept. 25.—Following is the official yellow fever report up to 6 p. m. Sunday:

New cases, 24; total cases to date, 2,831; deaths, 2; total deaths, 367; new sub-foci, 8; cases under treatment, 288, cases discharged, 2,176.

The low Sunday record is almost a duplicate of that of last Sunday. The deaths and new cases are the same. There are no names of special prominence in the list.

Country reports from Louisiana are: Patterson, 8 new cases; Kenner, 8 new cases, 1 death; La Fourche crossing, 1 new case; Baton Rouge, 2 new cases; Tallulah, 4 new cases; Alexandria, 2 new cases.

Mississippi Fever Report.

Natchez, Miss., Sept. 25.—Sunday's yellow fever report shows five new cases, of which three are whites. Total cases, 58; total deaths to date, 2; total cases under treatment, 20. Four new cases are reported at Vicksburg.

Seven New Fever Cases.

Pensacola, Fla., Sept. 25.—Seven new cases of yellow fever were officially reported by the state board of health Sunday night.

CANNOT BE ACCEPTED.

Hungarians Opposed to Conditions of the King-Emperor.

Budapest, Sept. 25.—All parties here discuss without excitement the meeting between the king-emperor and the coalition leaders Saturday and the conference between the leaders and Count Cziraky Sunday. They describe the king-emperor's conditions as an ultimatum which cannot be accepted by the Hungarian nation. The entire press is united in warning the people to act with reserve, pointing out that prudent observance of the law is their best weapon.

The disappointment caused by his majesty's attitude is not confined to the supporters of the coalition. Francis Kossuth, Baron Banffy and Count Andrássy and Zichy returned from Vienna Sunday night and were given an enthusiastic reception at the railway station by an immense crowd. It is expected public opinion will stand solidly behind the coalition for some time to come.

TOMBSTONES DEMOLISHED.

Vandals Destroy Those in a Cemetery at Negaunee, Mich.

Negaunee, Mich., Sept. 25.—Notwithstanding the vigilance of two watchmen, vandals entered the Catholic cemetery at night and demolished tombstones valued at thousands of dollars. One monument costing \$2,000 was completely wrecked. The guards assert the damage was done after daybreak, as they say they kept strict watch all night. But they are receiving severe censure.

Plympton Out on Bail.

Plymouth, Mass., Sept. 25.—Eben Plympton, the actor, who was arrested Thursday on a charge of assault with intent to kill on Captain George Martin and has been confined in Plymouth jail since his arrest, was released on \$5,000 bail Sunday.

One Motorman Killed.

Albany, N. Y., Sept. 25.—One motorman was instantly killed and the other escaped death by jumping when two trolley cars on the Albany and Hudson Electric railway, met in a head on collision Sunday near Albany. No passengers were injured.

THE CUYUNA RANGE TO DATE

Some of the Recent Developments at the Big Pickands-Mather Co. Shaft

INTEREST TAKEN IN BRAINERD

Striking of Ore Has Caused Much Interest Both in Brainerd and Elsewhere

"An inspection of the pioneer shaft on the Cuyuna range shows that it is down 84 feet, to date, and that the fourteen feet are in iron ore of varying character," says J. L. Morrison. "Thus far the iron formation has been loose, broken and, possibly, somewhat out of place. This has made it very difficult to use drills and explosives, thereby retarding progress. To date the material encountered in the shaft has been broken up and extracted chiefly by use of pick and sledge. The miners believe that depth will reveal solid ore.

"A line of drill holes was supposed to show the northerly edge of an ore body. About 125 feet north of a drill hole that showed ore of good quality, the shaft was started. The site was on dry and higher ground, and, also, it was assumed that it would encounter the slate rock enclosing the ore body. At a depth of 150 feet or so, it was expected to prove the ore body by a cross-cut. The surprise was great, therefore, when at a depth of 70 feet, iron ore instead of barren "country rock" was encountered.

"The surface dirt consisted of a hard, tough mixture of clay and gravel with occasional strata of fine sand several inches thick. No quicksand whatever was encountered, but somewhere after the 60-foot mark, a heavy flow of water temporarily drowned out the shaft.

"Thus far, the ore encountered is mixed and of varying character. Excellent samples of iron ore of splendid physical character exist, but the fourteen feet penetrated certainly are not clean or merchantable. There is considerable oxide of iron, "paint rock," and some of it is badly mixed with slate. I am informed that Pickands-Mather & Co. have had no assays made yet and probably will not for the present. With more depth a solid, unbroken body may be encountered or evidence produced to show that the shaft is on the edge of an ore body of great width.

"While the discovery of this ore is considered only an unexpected incident in connection with plans and operations that will take months to accomplish, it has attracted much attention and aroused much hope for the future of the Cuyuna range in general and the south belt in particular. The honest farmers are flocking in from far and near to see what the "pesky stuff" looks like and to carry away specimens for exhibition

and comparison. For Brainerd people, this shaft will provide a very popular objective for Sunday drives. Already many of them have come out to see what a baby iron mine looks like and how it compares with railroad shops, sawlogs, thoroughbred live stock, pumpkins and potatoes.

"Brainerd people feel much more kindly towards the Cuyuna range, I believe, than do Duluth people. They hope and pray that it may prove a success. They encourage anything that will help it along. Some of them have sold lands cheaply to help along pioneers of the range and many have invested their cash in lands and stocks. One Brainerd merchant has invested \$25,000 in lands on the south belt. Others stand ready to offer inducements to practical iron men who will take hold seriously and in good faith.

"So far, I have not heard of a Cuyuna brand of cigars, but Col. McCabe, who owns an irrigation parlor on Front street, called the "Last Turn," recently added a restaurant to his place and called it "The Cuyuna."

"The Brainerd Telephone company has completed plans for running its wires along the south belt to Deerwood, and thence over to the Rabbit lake region, where drilling operations are rapidly attaining magnitude and importance. The farmers' line to Bay lake will be leased or purchased. Right of way is being secured rapidly and actual construction work will begin in a couple of weeks."

VERY MUCH IMPROVED

Condition of Miss Roselle Knott Is Encouraging and She Will Appear

AT THE OPERA HOUSE TONIGHT

In "When Knighthood Was In Flower" If Her Condition Remains the Same

The return of "When Knighthood Was in Flower" here affords an opportunity of again seeing one of the most sumptuous productions on the road. Messrs. Kane, Shipman & Colvin have invested a small fortune in scenery alone, which was built especially last summer. The truthfulness with which the settings depict the general architecture of the reign of Henry VIII, has been commended by historians and critics everywhere. The scene in front of Windsor Castle represents that grand old palace in every detail.

Nor have the costumes been neglected. Old plates and portraits of the period were dug up everywhere to get ideas from, and the robes, gowns and costumes worn by the company represent truthfully the gorgeous splendor of those days when fine clothes were first, and everything else, afterward.

The company is especially capable and is composed of many New York favorites. Miss Roselle Knott is to be highly congratulated on her support which far excels any of her previous companies.

Miss Knott, who has been ill for several days, has almost entirely recovered. After lunch today she made Mr. Shipman promise to let her appear tonight, which he did on the condition that she was well enough to play her part. If she is as bright and hearty this evening after her rest as she was this morning she will surely appear. Dr. J. A. Thabes of this city will attend her this evening.

Henderson Corsets

Perfection at Every Point

Since we have opened we have had more pleased corset customers than ever before. There are reasons for this of course. The name "Henderson" would not sell the corset if it were not desirable in every way.

But the brand means much, much because the makers are conscientious and put the best possible material, workmanship, designing and style into the corset which bears this brand. "Hot air" has popularized some corsets for a short time, but people—the same people—cannot be fooled the second time. We intend to make this THE CORSET STORE and invite you to call and let us show you why Henderson Corsets are the best.

Miss Bertha Stade, while east buying goods, took a complete course of instructions of Mme Robinson in fitting corsets, also spent considerable time in the factory learning how corsets are made from start to finish. Make your engagements ahead to be fitted. We show the Henderson Corsets in the following qualities:

\$6.00 \$5. \$3.50 \$2.50 \$2. \$1.50 \$1.00 and 50c.

The above prices represent several styles.

STARVING IN BRAINERD

Men and Women who are in Need—
H. P. Dunn & Liberal Offer

There are scores of people in Brainerd and vicinity who are starving in the midst of plenty. This is not because they are in need of food, but because they cannot digest the food they eat. Our leading druggists, H. P. Dunn & Co., makes a liberal offer to all whose stomach is weak and cannot properly digest the food. They have recently received a large supply of Mi-o-na, a remedy for the cure of stomach troubles, and will sell it under an absolute guarantee that it costs nothing unless it cures. Mi-o-na is an unusual combination of remedies for the stomach and digestive

organs that heretofore have been little known in this country. It soothes and heals the irritated mucous membrane of the stomach, stimulates the solar plexus, and strengthens the nervous system.

One little tablet out of a 50 cent box of Mi-o-na before meals, and you can eat what you like and when you like. You will have no more headaches, back-aches, heart-burn or indigestion. Mi-o-na will give you perfect health and strength.

Get a box of the tablets today, with H. P. Dunn & Co.'s guarantee to refund the money if they do not cure.

PACES A WONDERFUL MILE.

Audobon Boy Equals Star Pointer's Record at Readville, Mass.

Readville, Mass., Sept. 23.—More than 3,000 enthusiastic followers of harness racing saw Audobon Boy pace one of the most wonderful miles ever made under adverse conditions at the Readville track Friday. His time for the mile was 1:59 1/4, equalling the record made by Star Pointer seven years ago. Audobon Boy started to beat 2:00 1/4.

Weather conditions favored record time, but the protracted rains earlier in the week left the track heavy. The assistance of a pacemaker was useless, Audobon Boy having distanced his pacemaker before the half mile post was reached. In making the trial for the record James Y. Gathcomb, owner of Audobon Boy, refused to use a wind shield, preferring to make the attempt in the same way that Star Pointer gained the world's record of 1:59 1/4 at the Readville track seven years ago. This is the present record with the runner or pacemaker going alongside. Dan Patch, in 1902 paced a mile in Readville in 1:59 1/4 under similar conditions.

As a result of Audobon Boy's performance Friday a match between the East and West is considered probable. Audobon Boy representing the East and Dan Patch the West at Memphis, Tenn., next month.

THREATEN TO SECEDE.

Several States May Break Away From Letter Carriers' Association.

Indianapolis, Sept. 23.—Peoria, Ill., was selected as the next meeting place of the national Letter Carriers' convention in 1906. The vote stood: Peoria, 46; Detroit, 44. The Tumber case, which has been occupying the convention in executive session for the past three sessions, has resulted in favor of Tumber.

According to an authoritative statement the executive committee has been sustained by a majority vote in ousting Tumber from the secretaryship, but not by a two-thirds vote, which is required by the constitution of the organization. The way the matter now stands is that the executive committee not having been sustained by a two-thirds vote, Tumber is exonerated of the charges and would have the right to claim the secretaryship until an election of officers is held at this convention. He would also be entitled to claim another year as his constitutional right.

One of the delegates from Indiana openly declared that if President Cunningham continues in office the following states would secede from the organization: Indiana, Michigan, New York, Ohio, Georgia, North and South Carolina, Virginia, New Hampshire, Maine and Oklahoma.

MINNEAPOLIS TIMES SUSPENDED.

Morning Newspaper in the Mill City Ceases Publication.

Minneapolis, Sept. 25.—With its issue of Sunday morning, Sept. 24, the Minneapolis Times, an independent morning newspaper of this city, suspended publication. No Further Disturbances Reported in Cuba.

Washington, Sept. 25.—The Cuban minister Sunday received the following dispatches from his government at Havana:

"The members of the executive board of the Liberal party at Cienfuegos have addressed a communication to the mayor, who is a Moderate, asking him to express their gratitude to the municipal authorities, police and customs house functionaries for the way their lives were protected during the occurrence Friday, which caused the death of the brave chief of police while doing his duty.

"There has been no disturbance since the local one at Cienfuegos; there is perfect order throughout the republic and the government has ample means to guard it.

"The elections for the boards were held yesterday with strict legality and without any disorder. In almost all the boards the Moderates won."

COLONEL RHODES IS DEAD.

Brother of the South African Colossus Passes Away.

London, Sept. 25.—Information has been received here of the death of Colonel Francis William Rhodes, retired, brother of the late Cecil Rhodes and managing director of the African Transcontinental Telegraph company. He died at Cape Town Thursday after having been ill for some time with black water fever. He was born in 1841.

Colonel Rhodes was prominent in the Jameson raid. He was arrested by the Transvaal government, pleaded guilty to the charge of high treason and was sentenced to death, the sentence being subsequently commuted to imprisonment, followed by banishment. The colonel served with great distinction in the campaigns in the Sudan and on several occasions was mentioned for bravery.
